

The **Endocrine Specialty Clinic** has established the following standardized criteria for referrals. To avoid delay in appointment scheduling, please ensure that all supporting information for the pre-determined outcome and/or condition is included with the Outpatient Referral Form **prior** to requesting the referral. Please mark the appropriate box(s) as indicated.

Before the patient can be scheduled for an appointment, the following diagnostic studies must be ordered and completed.

1. Thyroid Disorder

A. Hyperthyroidism

- Goiter
- Diffuse
- Nodular
- Free T4, TSH

B. Thyroid Cancer

- Need current Free T4, TSH copy of Thyroid ultrasound for goiters
- Hypothyroidism is followed by the Primary Care Physician, unless there are major problems with control

2. Pituitary Disorder
