

The Wound Clinic has established the following standardized criteria for referrals.

To avoid delay in appointment scheduling, please ensure that all supporting information for the pre-determined outcome and/or condition is included with the Outpatient Referral Form **prior** to requesting the referral.

Note: This clinic does not perform dermatology services.

- 1. Wounds on the hand involving bone, tendon, vessels, or nerves should be referred to Ortho Hand Clinic.**
- 2. The Wound Clinic will see patients with wounds on any other body part caused by multiple conditions and diagnoses.**
- 3. As a preventative measure, the Wound Clinic will see patients with pre-ulcerative conditions such as, deep tissue injuries, callous, stasis dermatitis related to vascular disease.**
- 4. The Wound Clinic will see any patient referred for Hyperbaric Oxygen Therapy.**
- 5. The Wound Clinic will see any patient referred for TcPO₂ or SPP/PVR exams.**
